<b>Date/ time</b>	03.04.18 @05:10hrs	<b>Directorate</b>	Well Engineering
<b>Location</b>	Yibal	<b>Dept</b>	UWOG

## What happened

While the Roustabout was trying to push the drill pipe (DP) along the catwalk, the DP rolled causing him to lose balance and fall. The DP continued to roll off the catwalk landing on top of him resulting in fractures to his left leg.

**Mr. Musleh asks the questions of can it happen to you?**

1. Do you ensure you are in a safe position while performing a task?
2. Do you consider if you are in the line of fire?
3. Do you ensure you identify all hazards before starting a task?
4. Do you consider if you can fall from height?

Please disseminate this LTI notification to your teams and use it in your tool box talks and HSE meetings and notice boards.
